

# RETOMAR LAS CONCLUSIONES DEL III MODULO MODELOS DE PLANIFICACIÓN POR EQUIPO DE PAÍS

BELIZE

# SÍNTESIS CRÍTICA DE LOS SISTEMAS DE INFORMACIÓN DISPONIBLES EN BELIZE

- Presently exists the BHIS HRH Module
  - It requires building and strengthening
  - Has not been implemented in the institutions as yet, pending development and training for its use
  - It does not have the capacity for projections
  - In the past, planning has been based on the WHO ratio of professionals to population size

Needs:

Policies to encourage sharing of Data between different Ministries

# QUÉ MODELO DE PLANIFICACIÓN ES FACTIBLE APLICAR EN SU PAÍS, COMENTE EN EL NIVEL NACIONAL E INSTITUCIONAL.

- ◉ Researching an appropriate system: iHRIS/ BHIS HRH (Indicators)
- ◉ Using other models for projection

# EN QUÉ TEMA CRÍTICO APLICARÍA LAS HERRAMIENTAS RECIBIDAS EN EL CURSO

- ◉ Tools apply to the issue of:
  - Identifying indicators needed for planning
  - Showing the overview of the dynamics of HRH planning
  - Emphasizing the need for policies
  - Showing the examples of the models of different countries
